What is RTA Kitchen Cabinet

- RTA (ready to assemble) kitchen cabinets are special for distributors and contractors looking to high quality products and kitchen remodeling project. Our RTA kitchen cabinets are the same high quality as the assembled version. We delivered in a flat pack box, and require assembly prior to installation. As manufacturer, we warranty on our cabinetry that covers all defective parts including hinges, drawers, and drawer glides

Are the RTA Kitchen Cabinets easy to assemble?

- The only tools needed to assemble our RTA kitchen cabinets is a screwdriver and rubber mallet. When we assemble the RTA cabinets we use a small bead of glue on each joint. The doors are already hinged to the face frame.
- Our RTA kitchen cabinets and RTA bathroom vanities are designed to be as easy-to-assemble as possible, so even a novice do-it-yourself homeowner can create the kitchen or bathroom of their dreams.

Finishes

◆ WOOD SPECIES & MATERIALS

Wood offerings in Cherry, Alder, Maple, Walnut, Hickory and Oak are hand selected to have more pronounced variations of their natural characteristics. You'll find greater color variation, more noticeable graining, and additional knots, mineral streaks, burls and pinholes.

◆ Painted MDF

Stained finishes enhance the natural characteristics of each individual wood species by enriching natural graining and color variation.

Stained finishes enhance the natural characteristics of wood species by enriching natural graining and color variation. Stain colors range from light to dark tones.

◆ LAMINATE & VENEER

The High pressure laminates are various of colors, the customer can choose colors from the factory catalog, or the customer can supply their colors to us.

◆ Wood Sprcies & Materies

Wood offerings in Cherry, Alder, Maple, Walnut, Hickory and Oak are hand selected to have more pronounced variations of their natural characteristics.

Cherry

***Cherry** is a rich, premium hardwood. Coloring can range from pinkish brown, white, green or yellow. Cherry typically has sapwood, pitch pockets, streaks and pin knots and will darken with age.*

Maple

***Maple** is a dense, straight-grained hardwood with uniform coloring. When stained, Maple can have a mottled appearance and small mineral streaks. Maple will age slightly over time.*

Alder

***Alder** is a hardwood that is lighter in weight and softer than other hardwoods. Alder has a fine, straight grain similar to Cherry and Maple with a uniform honey color. Some tight knots are typically present. Alder stains well across the full color spectrum.*

Rustic Hickory

***Hickory** is a strong hardwood with dramatic color variations and grain patterns. Color can vary from white to deep brown in the same piece of lumber, evening out slightly over time. Hickory will have some knots, mineral streaking, pin holes and burls.*

Red Oak

***Red Oak** is known for its strength and stability and has a prominent open grain. Oak ranges in color from white to yellow to reddish brown. Small pin knots and minor mineral streaking are present. Graining may vary from closely knit to a sweeping arch pattern.*

◆ Wood Sprcies & Materies

◆ Painted MDF

Stained finishes enhance the natural characteristics of each individual wood species by enriching natural graining and color variation.

Stained finishes enhance the natural characteristics of wood species by enriching natural graining and color variation. Stain colors range from light to dark tones

◆ Melamine & Veneer

- Veneer is a composite veneer that binds wood fibers together and is dyed to mimic the look of natural wood
- Melamine is a specialist type of laminate used to create a huge range of textures and wood grains - and, like thermofoils, it's durable, scratch-resistant, and waterproof; making it perfect if you want a tough kitchen cabinet.

Accessories and space storage

- Storage and accessories was built to keep your kitchen (or any other room) neatly organized and easy for you to customize your cabinets as well. You can check out our entire line of storage and accessories below.
- Storage and organization are vital for any space. Good solutions help you hide the clutter and get organized
